

Allow Employees To Easily Connect To All Company Technology

Access All Technology in One Centralized Location!

Provide employees convenient access

Increase participation in company programs

Improve ROI of company priorities

This graphic contains all platforms that we currently know offer SSO capabilities, but is not an exhaustive list. We are able to integrate with any platform that follows [SAML 2.0 guidelines](#). If you have questions about a specific platform, reach out to your Client Success Manager or Sales Representative for more information.
