

Innovative Medical Plan

How Growth Credits Work
You automatically get \$10 per employee with the opportunity to earn even more as participation in the program grows.

Flexible

- We listen and offer open-sourced solutions
- Plan sponsors maintain full control over their health plan
- Disease management and clinical programs offer your employees help in managing their care
- Innovative solutions lower costs
- Preferred pricing for a dedicated customer service team that helps your employees navigate their benefits and connect quickly to providers and care management services

Accountable

- Member-driven contracting process
- Achieve never-event payment protection
- Automatically earn \$10 per participating employee with the opportunity to gain more as program participation increases
