

# Connecting care

## For better health and lower total costs

With the group purchasing power of Health Action Council and pharmacy benefit management services from Optum Rx®, you can offer employees effective care and benefits while also managing overall health care costs.

### ● Partnering for results

Optum Rx and Health Action Council have a unique coalition model that focuses on reducing trend by delivering superior service and working collaboratively. Together, we'll pinpoint savings opportunities, provide clear visibility into drug costs, and build a sustainable plan – ensuring medications are both accessible and affordable.

### ● Smarter pharmacy care

Optum Rx delivers clarity, intelligent solutions, and actionable insights to create a transparent, connected, and simpler experience across every point of care.

#### Optum Rx Commitments

##### **Clear and transparent, guaranteed.**

From the industry's first fully comprehensive, transparent PBM.

##### **Helping clients, members and providers with expert guidance**, compassionate support and strong advocacy.

##### **Delivering on market needs** – today and in the future – with **large-scale innovations** and leading advanced technology.

● **\$270M**  
total program member savings with Price Edge<sup>1</sup>

● **\$19 PMPM**  
savings with Optum specialty management<sup>2</sup>

● **\$546 savings**  
avg for clients with PreCheck MyScript<sup>3</sup>

# Committed to offering more

Health Action Council offers these Optum Rx programs at no additional charge to the client – contributing up to **\$32 PMPY** in client savings\*

<b>Price Edge</b>	Best price for members, all in one place, by automatically comparing benefit pricing and cash market pricing
<b>Specialty Standards</b>	Bundle of specialty management tools to help minimize costs, prevent medication waste, and ensure members are getting the right medication at the right time
<b>Review My Care</b>	Member engagement solution designed to help improve both member outcomes and specialty trend management
<b>Polypharmacy Value Management</b>	Member engagement program designed to work with members taking 5+ medications and their prescribers to ensure safe and appropriate utilization
<b>Advanced Pharmacy Audit Services (APAS)</b>	Provides enhanced review of all claims looking for potential fraud, waste, or abuse
<b>Drug Level Rebate Portal (Rebate Hub)</b>	Dynamic reporting to understand how rebates impact your overall plan costs – including drug level details

\*Savings based on typical program results and is not guaranteed – \$32 PMPY includes cost of program offered at no charge along with savings associated with each respective program.
