

## Adaptable

- Open-sourced solutions, based on member input and feedback
- Focus on Social Determinants of Health (SDoH) Pilot Program to increase access and adherence to non-specialty drugs
- Optimal cost savings through formulary, discount, and network options

## Accountable

- Fully funded annual audits with 100% of findings returned to plan sponsors
- Annual market check leading to improved pricing
- Member-driven contracting process
- Complete transparency and visibility to all data within the PBM agreement
- Meets public sector procurement requirements

## Efficient

- Pass through 100% of rebates with minimum guarantees
- \$87.7 M in overall program savings
- Dual vendor selection credit (\$3-\$4 PEPY)
- Program governed by member-driven Board of Directors
- Paid \$197.10 in performance guarantees on total at risk amount \$10,832,730 M

Employers saved \$133.5 M in pharmacy & audit checks since 2013.

## Take control of your employee healthcare & benefits costs
